

Pray for ISRAEL

INcontext International

Israel is facing mounting international pressure after implementing additional security measures on the Temple Mount, which resulted in violent clashes with Palestinians.

In a potentially related incident, Israel finds itself in a diplomatic standoff with Jordan after an Israeli security guard killed two outside its embassy in Amman.

PRAY FOR ISRAEL

- That leaders on all fronts will take the necessary steps to defuse the tension

- **That violence will not be the default reaction to disagreement**

- That Messianic Jews and Palestinian Christians will lead the way in reconciliation
