# SYRIA

11 April  
2018

For all those  
suffering as a  
result of the  
ongoing  
conflict

For local and  
foreign  
believers  
assisting in  
the crisis

For wisdom  
for all  
international  
leaders  
involved

**Reports of chemical attacks**  
*in Damascus could prompt the US to rethink  
their planned withdrawal from the Syrian war*
